Halios Curly Light Rose with Red Eye Cyclamen

Cyclamen 'Halios Curly Light Rose with Red Eye'

Plant Height: 8 inches

Flower Height: 14 inches

Spread: 14 inches

Sunlight: ●

Hardiness Zone: 10

Description:

Beautiful, nodding light rose flowers with deep red eyes, rise above interesting green and silver foliage in summer; very round and sturdy habit; excellent for containers and rock gardens; a lovely indoor accent plant

Features & Attributes

Halios Curly Light Rose with Red Eye Cyclamen features showy lightly-scented nodding shell pink recurved flowers with crimson eyes rising above the foliage in mid summer. Its attractive round leaves remain dark green in color with showy silver variegation throughout the year.

This is an herbaceous evergreen houseplant with tall flower stalks held atop a low mound of foliage. This plant should not require much pruning, except when necessary to keep it looking its best.

Planting & Growing

When grown indoors, Halios Curly Light Rose with Red Eye Cyclamen can be expected to grow to be about 8 inches tall at maturity extending to 14 inches tall with the flowers, with a spread of 14 inches. It grows at a medium rate, and under ideal conditions can be expected to live for approximately 10 years. This houseplant should be situated in a location that gets indirect sunlight at most, although it will usually require a more brightly-lit environment than what artificial indoor lighting alone can provide. It does best in average to evenly moist soil, but will not tolerate standing water. The surface of the soil shouldn't be allowed to dry out completely, and so you should expect to water this plant once and possibly even twice each week. Be aware that your particular watering schedule may vary depending on its location in the room, the pot size, plant size and other conditions; if in doubt, ask one of our experts in the store for advice. It is not particular as to soil type or pH; an average potting soil should work just fine.

There are many factors that will affect the ultimate height, spread and overall performance of a plant when grown indoors; among them, the size of the pot it's growing in, the amount of light it receives, watering frequency, the pruning regimen and repotting schedule. Use the information described here as a guideline only; individual performance can and will vary. Please contact the store to speak with one of our experts if you are interested in further details concerning recommendations on pot size, watering, pruning, repotting, etc.

-- THIS IS A HOUSEPLANT AND IS NOT MEANT TO SURVIVE THE WINTER OUTDOORS IN OUR CLIMATE --

We are so proud of the nursery stock that we have carefully selected for superior quality and performance, WE GUARANTEE ALL TREES, SHRUBS, EVERGREENS & VINES FOR 2 YEARS; ROSES FOR 1 YEAR!
