Red Double Knock Out Rose Rosa 'Radtko'

Height: 3 feet Spread: 3 feet Sunlight: 0

Hardiness Zone: 4

Group/Class: Shrub Rose

Red Double Knock Out Rose flowers Photo courtesy of NetPS Plant Finder

Description:

Plant this carefree landscape rose anywhere you need low shrubs and continuous color; a very low maintenance shrub great for along walkways or in the garden; cherry red blossoms and deep purple fall foliage provides your garden three seasons of interest

Ornamental Features

Red Double Knock Out Rose is smothered in stunning lightly-scented cherry red flowers at the ends of the branches from late spring to early fall, which emerge from distinctive ruby-red flower buds. The flowers are excellent for cutting. It has attractive dark green deciduous foliage which emerges burgundy in spring. The glossy oval compound leaves are highly ornamental and turn an outstanding deep purple in the fall.

Landscape Attributes

Red Double Knock Out Rose is a multi-stemmed deciduous shrub with a more or less rounded form. Its average texture blends into the landscape, but can be balanced by one or two finer or coarser trees or shrubs for an effective composition.

This shrub will require occasional maintenance and upkeep, and is best pruned in late winter once the threat of extreme cold has passed. Gardeners should be aware of the following characteristic(s) that may warrant special consideration;

Red Double Knock Out Rose is recommended for the following landscape applications;

- General Garden Use

Planting & Growing

Red Double Knock Out Rose will grow to be about 3 feet tall at maturity, with a spread of 3 feet. It tends to fill out right to the ground and therefore doesn't necessarily require facer plants in front. It grows at a medium rate, and under ideal conditions can be expected to live for approximately 20 years.

This shrub should only be grown in full sunlight. It does best in average to evenly moist conditions, but will not tolerate standing water. It is not particular as to soil type or pH. It is somewhat tolerant of urban pollution. This particular variety is an interspecific hybrid.
