**Flower Carpet® Pink Supreme Rose**  
***Rosa 'Flower Carpet Pink Supreme'***

Height: 3 feet

Spread: 3 feet

Sunlight: ☉

Hardiness Zone: 4

Group/Class: Groundcover Rose

**Description:**

Lovely hot pink blooms are displayed over an extra long period; resistant to black spot and mildew and very heat tolerant; its spreading habit makes it perfect as a full sun groundcover for mass planting or for slopes

**Ornamental Features**

Flower Carpet Pink Supreme Rose features showy hot pink flowers with gold eyes at the ends of the branches from late spring to early fall. The flowers are excellent for cutting. It has green deciduous foliage. The oval compound leaves do not develop any appreciable fall color.

**Landscape Attributes**

Flower Carpet Pink Supreme Rose is a multi-stemmed deciduous shrub with a ground-hugging habit of growth. Its average texture blends into the landscape, but can be balanced by one or two finer or coarser trees or shrubs for an effective composition.

This shrub will require occasional maintenance and upkeep, and is best pruned in late winter once the threat of extreme cold has passed. It is a good choice for attracting bees to your yard. It has no significant negative characteristics.

Flower Carpet Pink Supreme Rose is recommended for the following landscape applications;

- Mass Planting
- Border Edging
- General Garden Use
- Groundcover
- Container Planting

**Planting & Growing**

Flower Carpet Pink Supreme Rose will grow to be about 3 feet tall at maturity, with a spread of 3 feet. It tends to fill out right to the ground and therefore doesn't necessarily require facer plants in front. It grows at a fast rate, and under ideal conditions can be expected to live for approximately 30 years.

This shrub should only be grown in full sunlight. It does best in average to evenly moist conditions, but will not tolerate standing water. It is not particular as to soil type or pH. It is highly tolerant of urban pollution and will even thrive in inner city environments. This particular variety is an interspecific hybrid.

Flower Carpet Pink Supreme Rose makes a fine choice for the outdoor landscape, but it is also well-suited for use in outdoor pots and containers. Because of its spreading habit of growth, it is ideally suited for use as a 'spiller' in the 'spiller-thriller-filler' container combination; plant it near the edges where it can spill gracefully over the pot. It is even sizeable enough that it can be grown alone in a suitable container. Note that when grown in a container, it may not perform exactly as indicated on the tag - this is to be expected. Also note that when growing plants in outdoor containers and baskets, they may require more frequent waterings than they would in the yard or garden. Be aware that in our climate, most plants cannot be expected to survive the winter if left in containers outdoors, and this plant is no exception. Contact our experts for more information on how to protect it over the winter months.
