**Happy Ever Appster® When My Sweetheart Returns Daylily**

***Hemerocallis 'When My Sweetheart Returns'***

Height: 16 inches

Spread: 18 inches

Spacing: 14 inches

Sunlight:

Hardiness Zone: 3

Group/Class: Happy Ever Appster Series

**Description:**

Beautiful, ruffled pale yellow blooms with lime green throats and rosy-red eyezones; a true everblooming variety; excellent for borders, groups, or naturalizing

**Ornamental Features**

Happy Ever Appster When My Sweetheart Returns Daylily features bold buttery yellow trumpet-shaped flowers with chartreuse throats and a rose ring at the ends of the stems from mid summer to early fall. The flowers are excellent for cutting. Its grassy leaves remain green in color throughout the season. The fruit is not ornamentally significant.

**Landscape Attributes**

Happy Ever Appster When My Sweetheart Returns Daylily is an herbaceous perennial with a shapely form and gracefully arching foliage. Its medium texture blends into the garden, but can always be balanced by a couple of finer or coarser plants for an effective composition.

This is a relatively low maintenance plant, and is best cleaned up in early spring before it resumes active growth for the season. It is a good choice for attracting butterflies to your yard. It has no significant negative characteristics.

Happy Ever Appster When My Sweetheart Returns Daylily is recommended for the following landscape applications;

- Mass Planting
- General Garden Use
- Groundcover

**Planting & Growing**

Happy Ever Appster When My Sweetheart Returns Daylily will grow to be about 14 inches tall at maturity, with a spread of 18 inches. When grown in masses or used as a bedding plant, individual plants should be spaced approximately 14 inches apart. It grows at a medium rate, and under ideal conditions can be expected to live for approximately 7 years.

This plant does best in full sun to partial shade. It is very adaptable to both dry and moist locations, and should do just fine under typical garden conditions. It is not particular as to soil type or pH. It is highly tolerant of urban pollution and will even thrive in inner city environments. This particular variety is an interspecific hybrid. It can be propagated by division; however, as a cultivated variety, be aware that it may be subject to certain restrictions or prohibitions on propagation.

**Garden Stars Perennials**

The Garden Stars® Perennial Collection is a complete line of all your traditional perennial favorites with some exciting new varieties too! These perennials are grown by a network of trusted growers to provide you the highest quality plants for your garden. These varieties have been selected for hardiness, compact growth, and consistent, reliable flower color. Perfect for planting in: garden beds, perennial borders, rock, cottage, prairie or woodland gardens, & even pots on the patio!
